

專業英文 試題

(限用答案本作答)

The Graduate School of Design, Ming Chuan University

Entrance Exam 2004

Time allowed: 100 minutes

Instructions: Answer only ONE question from EACH section.

Section 1

33%

1. In your opinion, what contribution if any have computers made to the development of design?

OR,

2. How important, do you think, are artists, landscape architects and town planners to modern architectural practice?

Section 2

33%

1. Who is your favorite designer? Describe why you feel this designer is important to modern design.

OR,

2. What is your favorite foreign building (a building NOT in Taiwan)? What is special about this building and why do you think it has made a contribution to architecture's development.

Section 3

34%

1. What do you think is the future of design? How do you think design will develop in the future? What will influence future design?

OR,

2. Does design reflect culture? Is culture really important to design? If so, or if not, explain why. Give examples to highlight your answer.
